

Solutions that work for your business

Maximise investments

Centralised Management

Over 150 solutions for 20 business verticals

More than 3000 deployed internationally.

Driving key messages across with centralized control, Streme offers unlimited options to build solutions to enhance the experience with effective communication & interaction.

Enhancing the customer experience

With Streme, you can build and deliver world class experience to your customers. Today, interactivity and driving the key message being the need of the hour, Streme provides you the platform to deliver the same.

Interactive Audio Visual Tools

Instead of just simple broadcast signages that are in a looping mode, you can integrate devices like simple TV remote controls to build interactivity. With interactivity, you take the customer recall and engagement to the next level. On large screens as opposed to smaller kiosk screens, you deliver audio visual messages powerfully to build the customer experience.

Environment Friendly

Streme supports the Go green revolution. With digital displays, you avoid unnecessary papers, printing and transportation, resulting in saving trees and reducing pollution. Streme supports embedded technology for lower power consumption, thereby supporting the environment further.

End to end solutions.

We work very closely with most national and regional system integrators. Our solutions approach guarantees a working design of the entire solution. We are open to working with your existing SI partners. Taking end to end responsibility of delivery, you can now rest assured of a perfectly rolled out project. We even provide services like creative adaptation and network management to our customers.

Proven Framework

Streme works on a 150 component framework. Streme powers thousands of screens across the nation including leading banks. With focus on embedded systems, we bring unmatched reliability, security and scalability to the network. You can setup a centrally controlled, future proof, expandable, secure network.

The Streme framework consists of player hardware, embedded OS and Streme's embedded player software. Streme player software is benchmarked and proven with leading hardware providers, featuring the latest technology to deliver truly outstanding dual-core performance computing power, great battery life as well as, low power, with multiple OS support and longer life cycle commitment.

Hospitality Solutions

Transforming Customer Experience.

Streme - Event Boards in Lobby

Displays the list of events in the hotel across banquet halls. Guests get a one view of all events at the main lobby. Powered using simple excel sheets, that can be used by any staff personnel, Streme Event boards are the simplest of implement. If there are no events scheduled, the display runs hotel features promo.

Streme – Banquet halls display

Implemented just outside the banquet halls, these displays provide information to the guests on the events taking place in the banquet. Guests are now assured that this is the right event they are invited to. The banquet halls board does away with the exercise of taking manual printouts and placing them at the entry points.

Streme - Restaurant and Bar Promos

With Streme, you can now link the Camera in your restaurant to show live promos and food events. Increase footfalls and sales by attracting visitors to signature restaurants by playing videos of mouth watering dishes. Placed strategically at the lobbies or at restaurant entries, these signages make solid business sense.

Streme - News Forex, Hotel and Flight Information

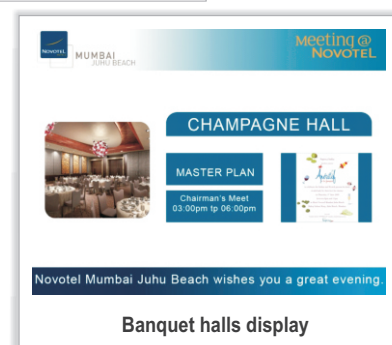

Now display forex rates on the display board. Impress your guests with online digital signage to show the latest news updates. You can also display the latest flight departure information for guests. Club memberships are prominently displayed at strategic locations to increase revenues.

Streme – Pool, Gym and Health clubs

Take the opportunity to engage the captive audience at the health club and gym by displaying healthy food options available at various restaurants and room service menus. Tips on healthy living, facilities, memberships and more keep the audience informed and impact revenues positively.
